

The Center of the Universe, was how Hondo described the town he owned. Luckenbach was and is a town that is stuck in time depending on what age you visited. Luckenbach, is State of Mind and I have enjoyed running by there when I was in the area.

I was surprised to see so many friends were in the book like Gary P. and Tom Nall and how many people contributed to the history, people with hearts of gold, some living, some dead but all still present.

Luckenbach is a spiritual place to me. I like Chimayo in New Mexico with it's Holy Dirt, Taos and Santa Fe with it's special light, Luckenbach is a small place with a huge spirit and long history. Lovers of Texana, Texas Music, Texas History, Comedy and nostalgia or colorful characters will find joy in this read and I think the book was written just for me. Becky answered a bunch of questions I had about the history of the Hill Country and how that influence is still felt today. Thanks so Much Becky, I am recommending this book to all my friends...
